MEMORANDUM FOR: HQ, USAF
AFCIU-5**ATTENTION :** Lt. Colonel Robert L. Honeywell**SUBJECT :** Medical Supply Support for Detachment "G"

1. We have been advised by the Commander, Detachment G, that his unit has been refused medical supply support by the Base Hospital at Edwards Air Force Base because of lack of funding authorization. This problem first occurred in October 1960. At that time, representation was made through your office to Headquarters, ARDC and the latter directed the Commander, Edwards Air Force Base, to provide any medical supplies required. Funding authorization was provided to the best of my recollection. No further difficulty was experienced until 6 September 1961 when Detachment G was informed that no further issues could be made with proper reimbursement.

2. The difficulty appears to be that although Project 478 funds were originally made available by ARDC to Edwards Air Force Base for the logistic support of Detachment G, no medical supply funds (Project 478) were allotted.

3. The estimated annual funding required for medical supplies for Detachment G is \$700. It is requested that Headquarters, AFSC, allot this amount of money under Project 478 to Edwards Air Force Base marked for specific support of Detachment G. Please advise action taken.
